DETAILED ACTION

Allowable Subject Matter

1. Claims 1-4 and 6-16 are allowed (renumbered as 1-15).

1. The following is an examiner's statement of reasons for allowance: namely references in the art disclose a system for monitoring an environment comprising:

a plurality of sensors each sensor generating respective events in response to activity in the environment and a processor in operative associated with the sensors, such as found in Stanley-Aeslanok et al. (US 5,225,806). The prior art of record does not teach or suggest, in the claimed combination, a system for monitoring an environment comprising at least one stored set of linked events accessible to a processor, wherein said processor is responsive to an event being generated by a sensor to determine whether the event is in a sequence of events corresponding to a stored set of linked events and wherein said system is responsive to the sequence of events not matching a stored set of linked events to generate an alarm.

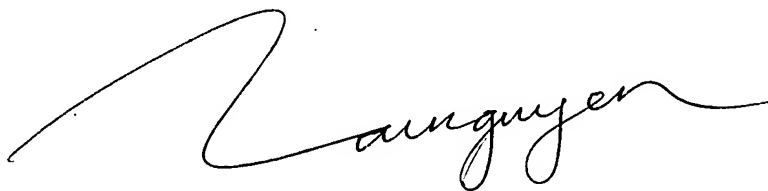

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
